

Company Profile

Since its establishment, SonoScape has been committed to providing high quality medical equipment for the healthcare sector. SonoScape specialized in the development and production of diagnostic solutions. Through innovation SonoScape continues to not only improve the efficiency and accuracy of healthcare solutions, but also to increase a sense of comfort for the patient and clinician. Since 2002, the innovative technology of SonoScape has benefited millions of people and we are dedicated to continue providing more effective and accessible healthcare solutions to the world.

Quote from Frost & Sullivan

"The Frost & Sullivan Award for Growth Leadership is presented to the company that has demonstrated excellence in capturing the highest annual compound growth rate for the last 3 years... The sales of ultrasound devices contribute an overwhelming proportion of total revenue, helping the company strengthen its leading position to outperform the competitors in the marketplace. With increasing penetration of mid-to high-end ultrasound devices, SonoScape is expected to see growth potential in the future... "

Company Milestone

- 2002: Company Founded in Shenzhen, China
- 2003: Released SSI-1000: the 1st 15" Portable Color Doppler system in China
- 2004: Released SSI-2000: the 1st PC platform Color Doppler system in China
- 2005: Received the "High Technology Company" award from the PRC government
- 2007: Received "CHINA TOP BRAND" award in the Medical Equipment Industry
- 2007: Released the 1st Real time 4D ultrasound system in China
- 2008: Received "European Entrepreneurial Company 2008" award from FROST & SULLIVAN
- 2008: Received "Flagship Company" award in the Medical Equipment Industry in China
- 2009: Received "Product Quality Leadership Award 2009" from FROST & SULLIVAN
- 2011: Received the Reddot 2011 Product Design Award for S20 in Essen, Germany
- 2013: Received "Ultrasound Market Growth Leadership Award, 2013" from FROST & SULLIVAN
- 2014: Received the iF product design award 2014 for S9 in Munich, Germany
- 2014: Received "Company of the Year in Ultrasound Market, 2014" From FOST & SULLIVAN

Agile and Versatile

True nobility is in being superior to any in its class. Constantly improving technologies and services to help deliver better patient care, SonoScape's passion for innovation makes it a natural fit for today's market and the choice for tomorrow. With belief in leading the trend of ultrasound, inheriting and spreading classic and elegance, and through continuous effort, SonoScape releases a new model the S8Exp.

With an ultra-modern innovative design and clinically-proven technologies, the S8Exp is well equipped as a light weight, enhanced-image-quality ultrasound scanner, which not only provides optimized solutions for versatile applications, but helps to improve the user-experience for both routine and non-traditional challenges. Working with the S8Exp, will trigger your unlimited reverie and endow you with endless charm.

Carrying forward the classical design of SonoScape's portable ultrasound products, the S8Exp successfully combines the best ergonomics, attractive design and ease of use. This charismatic identity is also enhanced by a sophisticated color palette—with sedate grey as its interior paint color and pearl white as exterior cover, the S8Exp reveals a style of aristocrat and strong character among SonoScape's ultrasound systems.

Workflow

The S8Exp adapts to your workflow, whether you are in the consulting room, at the bedside, or at a remote location. With an easy-to-use new platform designed for sonographers' needs and full connection interfaces for easy connectivity and data sharing, S8Exp leads to an improved user comfort and clinical outcome as well as patient throughput and working efficiency.

- The rechargeable battery integrated within the system ensures the possibility of performing outdoor ultrasound examinations.
- Its compactness together with its lightweight enables you to take ultrasound excellence where fast responses are needed.
- The most important controls are well located within an intuitive interface, making all operations both easy and fast.
- Fifty degree foldable high resolution color LCD screen guarantees the most comfortable viewing location available in any environment.

Powerful Platform

Embedded with SonoScape's core imaging technologies such as μ -scan, PHI and Spatial Compound, the S8Exp boasts exceptional 2D image, sensitive spectral, Color and Power Doppler, displaying well-defined anatomy and pathology and facilitating a highly optimized diagnostic user environment for conclusive diagnoses. S8Exp also offers a comprehensive selection of electronic probes to maximize its capabilities to meet a wide range of applications including abdomen, pediatric, OB/GYN, cardiovascular, musculoskeletal, etc. The advanced probe technologies also effectively enhances the image quality and confidence in reaching clinical diagnoses, even in difficult patients.
